Fintech Foray

The Company acquired Aceware Fintech Services Pvt. Ltd; which offers a unified platform for cash and digital banking services.

Message from Chairman & Managing Director

Dear Shareholders,

As you are aware, this is the second year after your Company got listed.

I am filled with immense pride and optimism, on the progress so far your Company has made and the milestones crossed during the 19th year of operations. I am pleased to share highlights of our performance for the FY 24.

During the year, in spite of the highly competitive environment, your Company could post reasonable growth in core business. Being the market leader in Retail Cash Management, your Company took the lead and launched an innovative product named “Radiant Insta Credit” (RIC).

The initial feedback is highly encouraging and we are confident, that this product would fulfil the need of small merchants and individuals, for getting immediate credit in their bank account, upon handing over of cash to our Cash Executives at their door step. Radiant Insta Credit opens a new market segment for your Company and provides an additional revenue stream.

Operational Developments

India’s cash logistics industry continues to present vast opportunities, particularly in Tier 2 and Tier 3+ cities, where RCMS has established a strong presence. Cash transactions remain a critical component of India’s economy, with a

significant proportion of retail and informal sector transactions being cash-based. Despite the growth of digital payments, cash remains a preferred mode of transaction for many, highlighting the enduring importance of efficient and secure cash logistics services. Our comprehensive value chain, advanced technology infrastructure, and diversified client base, position us advantageously to capitalize on these opportunities. We are committed to meeting market demands, by expanding our service offerings.

During FY 24, we have broadened our coverage to 14,370 pin codes and increased our retail touch points to 69,934 across India, enabling

your Company to service 2,543 additional locations. Our total currency movement for the year stood at an impressive ₹1.67 trillion, reflecting a 6.25% year-on-year growth. The Company also added certain prominent retail chains, as our customers during the year.

Financial Performance

Our total income was ₹3,903 million for FY 24, with an EBITDA of ₹691 million. Despite facing challenges in certain segments, we continued to achieve healthy profitability and are confident of future growth. Our Balance Sheet continues to be robust, with zero net debt and we maintain healthy ROCE and RoE of 22% and 18%, respectively.

We have made an initial foray into transportation of high-value items like diamonds, jewellery, and bullion. This venture leverages our logistics expertise and extensive network to provide a specialized service that meets the stringent security and reliability requirements of the high-value goods market. By entering this segment, we diversify our service offerings and strengthen our competitive position.

Strategic Acquisition

Our strategic acquisition of Aceware Fintech Services Private Limited also marks our entry into the fintech sector, enhancing our service offerings with advanced digital banking solutions. Aceware's technology-driven solutions, such as

Aadhaar-enabled payment systems, micro ATMs, and digital wallets, complement our existing cash management services. This integration positions us to offer a seamless blend of physical and digital banking solutions, addressing the evolving needs of our clients. Furthermore, Aceware's focus on rural and semi-urban markets aligns with our strategic goal of expanding financial inclusion. By combining our physical infrastructure with Aceware's digital capabilities, we create a robust phygital platform that enhances customer convenience, drives operational efficiencies, and fosters financial inclusion.

Commitment to People and Social Contributions

At RCMS, we believe that our people are our greatest asset. We have implemented various initiatives to nurture talent, enhance employee engagement, and foster a culture of continuous learning and development. Our HR vision is to balance the needs of our employees with those of the company, ensuring a supportive and motivating work environment.

We are also deeply committed to our social responsibilities. Radiant Foundation, CSR arm of the Radiant Group and our association with Chennai Roti Bank exemplifies our dedication to positively impacting society. By providing wholesome meals to vulnerable populations in Chennai and neighbouring

districts, we strive to support the well-being of our community. Additionally, our contribution to the education sector through sponsorships and our efforts in providing medical support to the needy reflect our commitment to social welfare.

As we embark on this exciting journey, I am certain that I can count on your unwavering support and trust, which was the main driving force for the growth of the Company. With the various initiatives enumerated above, backed by an experienced, dedicated and motivated team, I am confident that RCMS is well-positioned to deliver sustained growth and profits.

Thank You,

Warm regards,

Sincerely Yours,

Col. David Devasahayam

Radiant Expands into Fintech

By combining Acemoney's technological expertise with our extensive physical network in Tier 3+ cities, we aim to create an innovative phygital platform that integrates cash and digital banking services

Founded in 2020, Acemoney offers a comprehensive suite of digital banking products, including Aadhaar-enabled payment solutions (AEPS), domestic money transfers (DMT), utility bill payments, Micro ATMs, prepaid cards, neobanking products and micro-insurance. This acquisition allows us to offer integrated services such as cash replenishment for micro ATMs, retail cash management for cooperative banks, and wallet services, significantly enhancing our service offerings and operational synergies. This strategic move is expected to accelerate our growth trajectory by tapping into the vast rural market, which remains largely underserved by digital banking solutions.

Radiant Cash Management Services Limited (RCMS) has strategically expanded into the fintech sector by acquiring a majority stake in Acemoney, a prominent fintech company based in

Kochi. Acemoney specialises in providing advanced digital banking solutions tailored for retail outlets, cooperative banks, and societies in rural regions. The Company acquired a 58.21% stake in Acemoney through an all-cash deal, which aligns perfectly with our goal of leveraging the growing trend in digital transactions. By combining Acemoney's technological expertise with our extensive physical network in Tier 3+ cities, we aim to create an innovative phygital platform

that integrates cash and digital banking services, enhancing financial inclusion and service efficiency.

Radiant Insta Credit

At Radiant Cash Management Services, entering FY25, the launch of Radiant Insta Credit (RIC) is a significant milestone. It enhances our service offerings with an innovative digital solution.

RIC provides a seamless, efficient process for onboarding and due diligence, ensuring quick and secure customer registration. Our integrated online KYC tool completes background verification in less than 20 seconds, safeguarding customer data through encryption. The onboarding process includes thorough checks by our approving authority, culminating in successfully integrating customers into the RIC app.

Customers can choose a subscription plan that suits their business needs, viz. **Economy or Premium**. Customers who require need-based cash pickup can opt for the Adhoc plan. Each of these plans is designed to cater to different cash collection needs in a cost-effective manner.

Customers can input their remittance details via the RIC app, ensuring transparency and accuracy in cash collection and verification. Our collection executives physically verify the

cash, matching it with the app details, and upon validation, an OTP is generated to finalize the transaction. The beneficiary's bank account is credited instantly, with transaction details and charges communicated to the customer through an SMS.

Customers can view all their transaction records in the app itself, thus eliminating the need for a separate reporting or MIS mechanism.

RIC - a first-of-its-kind offering by a corporate and listed entity - ensures zero risk, resource optimization, and financial efficiency.

Key Operational Performance Indicators

Expanding Service Networks

The company expanded its coverage by adding 911 pin codes during the year. As a result, the total number of pin codes covered now stands at 14,370. This expansion aligns with the company's efforts to reach a broader customer base and expand its service network.

Enhancing Service Availability

The company also increased its retail touchpoint coverage by 6,514, representing a 10% growth rate. The total number of retail touchpoints now stands at 69,934. This expansion indicates an increased presence and accessibility for customers, enhancing convenience and service availability.

Increasing Trust and Reliance

The company's total cash movement for FY24 reached INR 1.67 trillion, reflecting a growth rate of 6.25% compared to the previous year. This increase in cash movement suggests a higher volume of transactions and business activities, indicating increased trust and reliance on the company's cash management services.

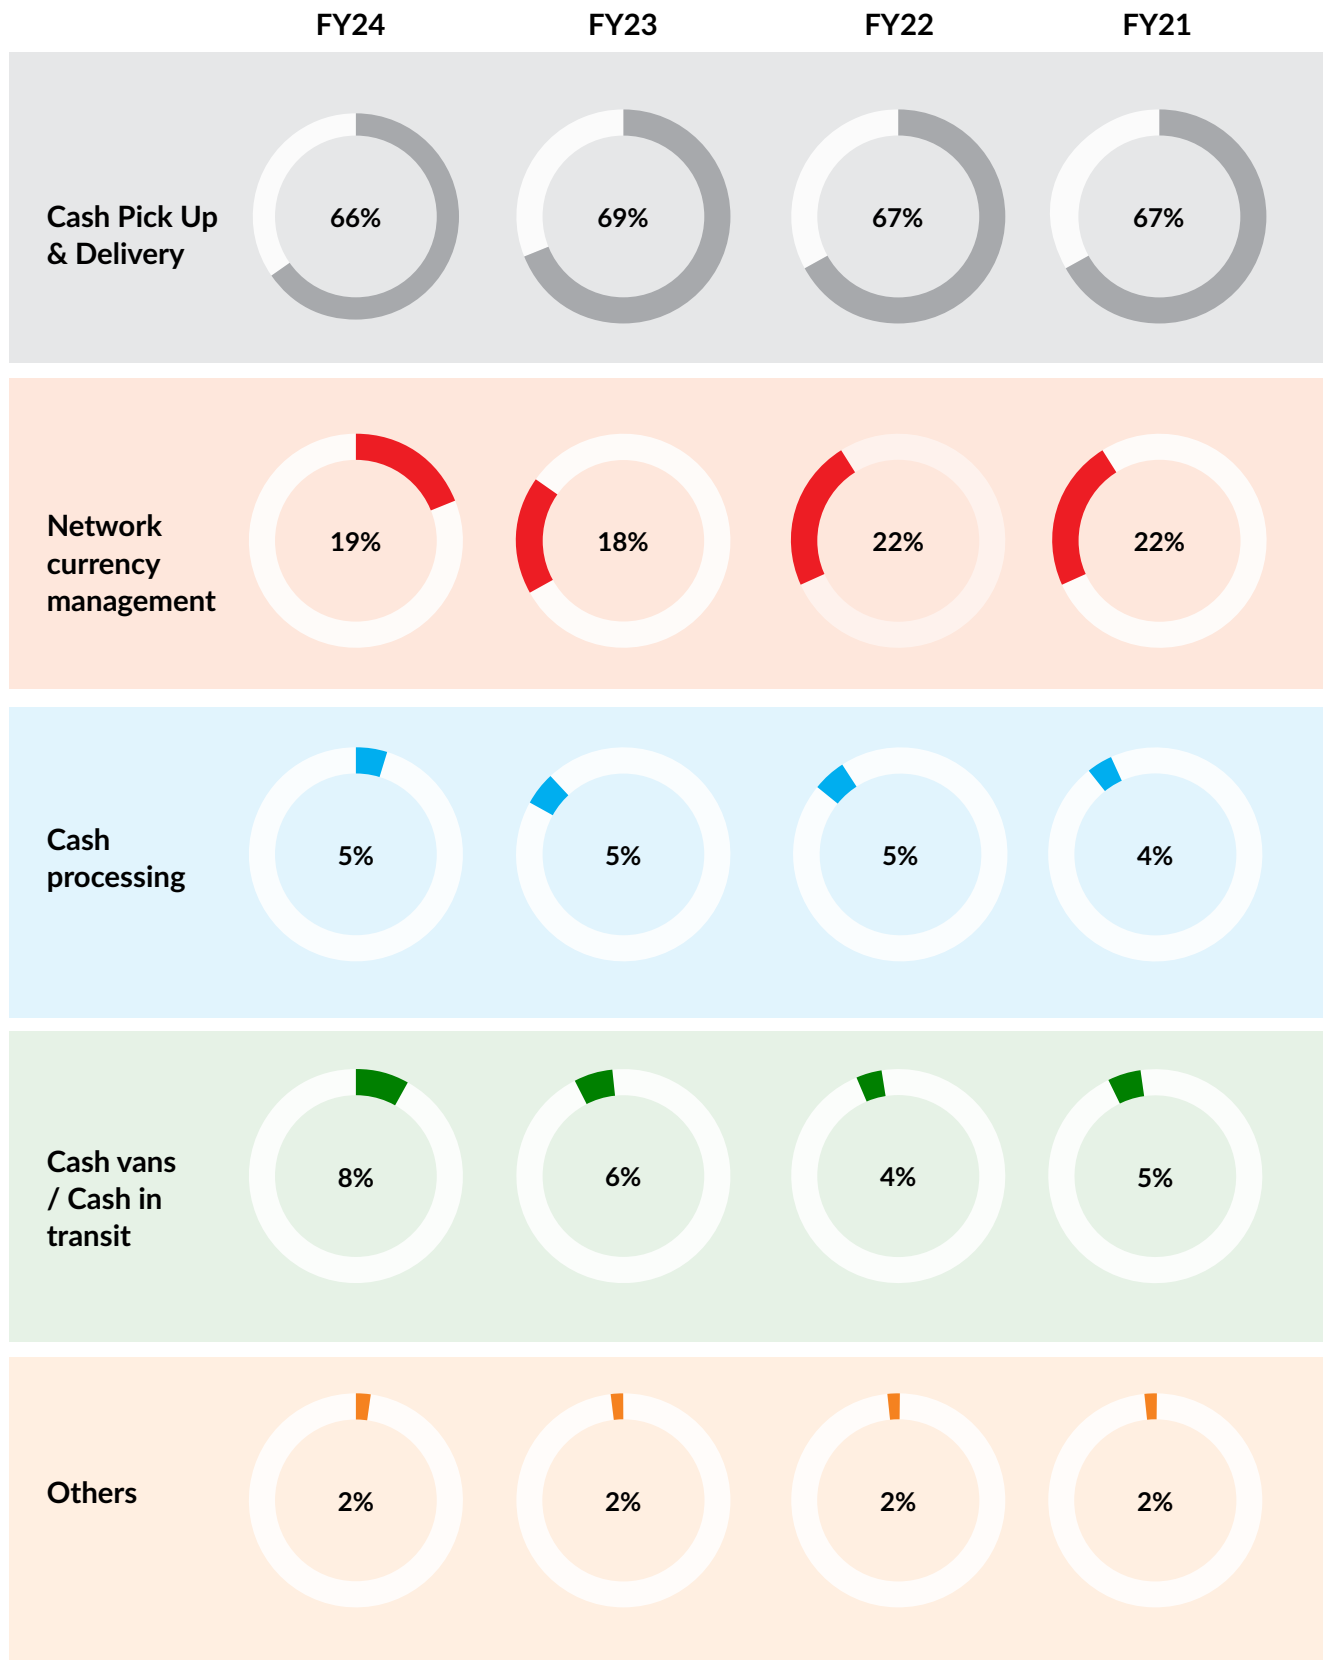

Expanding Market Share

Radiant Cash Management Services successfully added 64 new clients during the last financial year. Acquiring new clients demonstrates the company's ability to attract and retain customers, expanding its market share and reinforcing its position as a leading cash management service provider.

Radiant Cash operates across the entire value chain of retail cash management, offering a wide range of services. This integrated approach allows us to provide end-to-end solutions efficiently, catering to diverse customer needs.

Extensive Pan-India Network:

With a strong presence in Tier 2 and Tier 3+ locations, we have established a robust network throughout India. Our vast network covers 69,934 touchpoints across 14,370 pin codes, enabling us to serve a broad customer base and tap into fast-growing end-user segments.

Diversified and Loyal Client Base:

Our diversified client base includes major foreign, private, and public sector banks. Long-standing relationships and exceptional service quality give us a competitive edge, leading to repeat business and opportunities to cross-sell value-added services. Our marquee clients have been using our services for over a decade, contributing to consistent revenue growth.

Robust Operational Risk Management:

We prioritise operational risk management to ensure secure and reliable cash logistics operations. Our robust framework includes stringent security protocols, advanced technology solutions, and well-defined processes, minimising risks of theft, loss, or operational disruptions.

Technology Optimization:

Significant investments in technology have enabled us to optimise operational profitability. Our solutions, including in-house ERP and integration with client systems, allow for efficient route planning, real-time tracking, and monitoring of cash logistics, improving overall efficiency and cost-effectiveness.

Experienced Management Team and Institutional Backing:

Our management team has extensive experience in the cash management services sector. We have a highly qualified and motivated pool of employees and service providers, which allows us to make timely strategic decisions and respond effectively to evolving customer needs and market conditions.

Digital and IT Capabilities

At RCMS, we understand technology's critical role in distinguishing us from competitors. Our advanced IT capabilities enable us to manage operations in a high-fidelity business environment efficiently. By leveraging state-of-the-art technology solutions, we empower our clients to concentrate on their core competencies without substantial investments in operational infrastructure. Over the years, we have prioritised

enhancing partner engagement and customer experience through digitising processes and enhancing our technology platforms.

To achieve this, we have developed a robust network architecture and implemented an in-house developed Enterprise Resource Planning (ERP) system. To provide a seamless client experience, we have established API integrations with select clients' ERP systems. This integration facilitates

real-time data tracking for cash management services outsourced to us, ensuring we continue to serve clients effectively and making it more challenging for them to switch service providers in the future, enhancing customer retention.

Among our key initiatives, automation and API integration have significantly improved our reporting capabilities, providing near real-time reports to our clients. This swift access to information offers our clients another compelling reason to choose us as their service provider. Additionally, we have implemented Customer Personal Identification Number (CPIN) and One-Time Password (OTP) verification during cash collection, adding an extra layer of security to our processes.

By leveraging state-of-the-art technology solutions, we empower our clients to concentrate on their core competencies without substantial investments in operational infrastructure.

Digital Advantage

Among our key initiatives, automation and API integration have significantly improved our reporting capabilities, providing near real-time reports to our clients. This swift access to information offers our clients another compelling reason to choose us as their service provider.

During the MIS API Integration was implemented for Axis Bank, HDFC, IDFC and Delhivery to enable seamless data exchange with these clients.

Our client View application provides clients with direct access to their points and pickups, delivering real-time data. This feature lets clients

stay informed and make timely decisions based on the most recent data. We have also introduced a QR code scanning system to record cash collections, reducing manual intervention and minimising the potential for errors.

Moreover, we have developed two enterprise mobile

applications: the Radmus App and the Radiant Sandesh App. These applications facilitate end-to-end reconciliation processes, ensuring seamless and efficient workflows. With these tools, our clients can easily access crucial information and carry out reconciliation tasks efficiently.

Radiant Sandesh Mobile Application

Radiant Sandesh Mobile Application is further enhanced by adding a latitude and longitude feature, improving the accuracy of our real-time reports for customers. Users can only update reports if their current latitude and longitude coordinates match the predefined coordinates within a 100-meter accuracy range.

The app also includes a Multifactor Validation feature to enhance the security of user accounts and sensitive information. The application authenticates users based on their registered device ID, ensuring that only authorised devices can access their accounts.

Radiant Insta Credit App

During the year we developed “Radiant Insta Credit App”(RIC) to provide a seamless, user-friendly platform that offers Instant Credit Services to eligible users, enabling quick and easy access cash collection services when needed

Key features are:

Integrate with KYC verification systems to verify user identity and ensure compliance with regulatory requirements.

Ensure all user data is encrypted and securely stored.

The submodules include a funding console, funding approval console, funding report, funding subscription, GST master, charges master, collection transaction, daily reconciliation report, monthly reconciliation report, and mobile user approval etc..

Our Marquee Clients

Radiant Cash Management Services (RCMS) has built a diversified client base across India's largest foreign, private, and public sector banks, due to our extensive reach, especially in non-metro cities. Our ability to offer bespoke services and consistently deliver high-quality and cost-effective solutions has fostered long-term relationships with these marquee clients.

Marquee Clients

These clients trust RCMS for our reliable and comprehensive cash management services, which include network currency management, cash processing, and secure cash logistics. Their loyalty is reflected in steady revenue growth and improving distribution channels.

Our Operating Context

Cash remains a vital component of economic activity and is not strictly tied to a country's stage of economic development. In the United States, where 85% of the retail market is organised, 67% of these retailers rely on cash management services. Meanwhile, India represents a burgeoning market with over 5 million addressable retail touchpoints, though only 20% are in the organised sector, highlighting significant growth potential.

Global Cash Transactions:

Cash transactions continue to play a crucial role globally. In countries like Indonesia (96%), Mexico (86%), and Japan (54%), cash usage is notably high. Even in advanced economies such as the US (28%) and the UK (23%), cash remains a prevalent transaction method, underscoring its universal importance.

Indian Banking Infrastructure:

India's banking infrastructure, measured by ATMs and bank branches per 100,000 adults, is relatively underdeveloped compared to other regions. This gap points to substantial opportunities for growth in cash management services. Additionally, India has the highest proportion of inactive accounts at 35%, significantly above the world average of 6%, indicating an untapped market for financial services.

The Radiance of Cash

Cash remains a vital component of economic activity and is not strictly tied to a country's stage of economic development.

Digital Commerce and Cash-Based Payments:

Despite increasing internet penetration, digital commerce is still underpenetrated in India. Cash-based payments dominate even in the e-commerce sector. Offline retail continues to overshadow online retail, with cash-on-delivery (COD) transactions making up 50% of e-commerce in metros and rising to 90% in Tier 4 cities.

UPI Usage:

India leads in digital payment intensity globally, but UPI (Unified Payments Interface) transactions are predominantly for small ticket sizes and heavily subsidised by government and venture capital-funded businesses. A significant 82% of UPI transactions are for amounts less than ₹500, highlighting the need for continued support to sustain these digital payment methods.

Our Human Capital

Developing and implementing HR strategies and initiatives aligned with the overall business strategy.

Hiring the right resources at the right time by selecting the appropriate individuals.

Ensuring employees achieve organizational goals in a stress-free environment.

Providing a good work culture and environment.

Corporate Social Responsibility

Radiant Cash Management Services Limited is dedicated to contributing to social welfare and positively impacting the lives of the underprivileged. In the financial year 2023-24, Radiant's CSR activities primarily focused on eradicating hunger, poverty, and malnutrition, as well as promoting hygiene, healthcare and education. Through our CSR arm, Radiant Foundation, the company has engaged in various initiatives to improve the well-being of socially challenged groups. The company adheres to the CSR guidelines outlined in Schedule VII and Section 135 of the Companies Act 2013.

For the fiscal year 2023-24, Radiant Cash Management Services allocated ₹12.10 million to its CSR activities, which aligns with 2% of its average net profit. The funds were utilised for both existing and new projects, with no surplus carried over from previous years and no administrative overheads or impact assessment costs deducted. The CSR committee, comprising Lt. Gen Devaraj Anbu, Col. David Devasahayam, and Dr. Renuka David, oversee these initiatives.

Our primary projects for the financial year 2023-24 include the Ashraya Project, Chennai Roti Bank, and the Kalvi40 Project, each addressing social needs in urban and rural Tamil Nadu.

CSR Activities at Radiant Foundation

At Radiant Foundation, we are deeply committed to corporate social responsibility (CSR), focusing on transformative initiatives that substantially impact the communities we serve.

Ashraya Project: Ensuring Nutritional Security

Launched in April 2011, the Ashraya Project is dedicated to providing free noon meals to elderly and needy individuals in the Tiruvallur and Chengalpattu districts. During the 2023-24 fiscal year, the project served 1,352 beneficiaries across 34 villages. This initiative ensures that the elderly and physically challenged individuals receive at least one nutritious meal a day, contributing significantly to their well-being.

The project is meticulously monitored to ensure smooth operation and high standards of food quality and hygiene. The implementation team includes a CEO, an Assistant Manager (Field), and several

field executives who oversee the distribution of groceries, rice, firewood, and fresh vegetables. The meals are prepared by village-appointed caretakers, with regular quality checks by the CEO.

The beneficiaries have expressed immense gratitude, stating that the project has significantly improved their quality of life by guaranteeing a daily meal. Special events are also organised annually, where beneficiaries receive gifts such as umbrellas, bed sheets, towels, and dress materials on "Independence Day, Republic Day etc.. Maintenance of cooking sheds and expansion to include more beneficiaries are ongoing efforts to enhance the project's reach and impact.

Kalvi40 Project: Bridging the Educational Gap

The Kalvi40 Project, executed in collaboration with BumbleB Trust, aims to revolutionise education in rural Tamil Nadu by creating digital classroom environments. This project targets students from classes 3 to 8 in 12 schools across Chengalpattu and Tiruvallur districts, utilising 40-inch Android TVs to deliver digital content.

A baseline assessment revealed significant challenges, such as limited access to mobile phones and a lack of educational resources. Before the project's implementation, 44% of parents had only studied up to class 10, and 87% of students had restricted access to mobile devices. The project addresses these gaps by providing interactive digital lessons, substantially improving student performance. For instance, the ability to read clocks correctly

increased from 37% to 62%, and basic arithmetic skills showed marked improvement.

The Kalvi40 team also undertakes extensive training and follow-up visits to ensure teachers are well-equipped to use the new technology. This includes comprehensive orientation sessions and ongoing support to address any issues. The project aligns with the United Nations Sustainable Development Goal #4, aiming to provide inclusive and equitable quality education for all.

1. The Ministry of Corporate Affairs ('MCA') has vide its General Circulars dated April 8, 2020, April 13, 2020, May 5, 2020 along with subsequent circulars issued in this regard and the latest dated September 25, 2023 (collectively referred to as 'MCA Circulars'), permitted the holding of the Annual General Meeting ('AGM') through Video Conferencing ('VC') facility / Other Audio Visual Means ('OAVM') without the physical presence of the Members at a common venue. Further, the Securities and Exchange Board of India ('SEBI') vide its Master Circular dated July 11, 2023 read with Circular dated October 7, 2023 ('SEBI Circulars') and other applicable circulars issued in this regard have provided certain relaxations from compliance with certain provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'). In compliance with the applicable provisions of the Companies Act, 2013 ('the Act'), the SEBI Listing Regulations and MCA Circulars, the 19th AGM of the Company is being held through VC/ OAVM on Thursday, September 05, 2024 at 03:00 p.m. (IST). The Corporate Office of the Company shall be deemed to be the venue for the 19th AGM.
2. Since this AGM is being held pursuant to the MCA Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form, Attendance Slip and route map of AGM are not annexed to this Notice. However, pursuant to Section 112 and

Section 113 of the Act, representatives of the Members may be appointed for participating in the AGM through VC / OAVM and for voting through remote e-voting or e-voting during the AGM. Institutional shareholders/ corporate shareholders (i.e. other than individuals, HUFs, NRIs, etc.) are requested to send the relevant Board Resolution / Authority letter etc. together with attested specimen signature of the duly authorized signatory who are authorized to vote and Demat Account details, to the Scrutinizer by e-mail at secretarial@sandeep-cs.in with a copy marked to evoting@nsdl.co.in and to the Company at investorrelations@radiantcashlogistics.com

3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
5. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as venue voting on the date of the EGM/AGM will be provided by NSDL.
6. AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 08, 2020 and MCA Circular No. 17/2020 dated April 13, 2020, MCA Circular No. 20/2020 dated May 05, 2020 and MCA Circular No. 2/2021 dated January 13, 2021.
7. The Register of Members and share transfer books of the Company will remain closed from **Friday, August 30, 2024** to **Thursday, September 5, 2024** (both days inclusive), for the purpose of reckoning the entitlement of dividend for the Financial Year ended March 31, 2024 and for the purpose of the 19th AGM.
8. The Board of Directors have recommended final dividend of ₹2.5/- per equity share of ₹1/- each for the financial year ended March 31, 2024. The Dividend as recommended by the Board of Directors, if declared at the AGM will be paid on or after **September 18, 2024**, to those Members, whose names appear on the Register of Members in respect of shares held in physical form as well as in respect of shares held in electronic form as per the details received from the depositories for this purpose as at the close of the business hours on **Thursday, August 29, 2024**
9. Pursuant to the Finance Act, 2020, dividend income will be taxable in the hands of shareholders w.e.f. April 1, 2020 and the Company is required to deduct tax at source from dividend paid to shareholders at the prescribed rates. The shareholders are requested to update their valid PAN with the DPs (if shares held in dematerialized form) and the Company/RTA (if shares are held in physical form).
10. A Resident individual shareholder with PAN and whose income does not exceed maximum amount not chargeable to tax or who is not liable to pay income tax, as the case may be, can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source by e-mail to our RTA, Link Intime India Private Limited to its email address: rnt.helpdesk@linkintime.co.in or to the Company to its email address: investorrelations@radiantcashlogistics.com by, August 30, 2024. You may also raise an email query using following link: https://liiplweb.linkintime.co.in/rnthelpdesk/Service_Request.html. Shareholders are requested to note that in case their PAN is not registered or having invalid PAN or Specified Person as defined under Section 206AB of the Income-tax Act, the tax will be deducted at a higher rate prescribed under Section 206AA or 206AB of the Income-tax Act, as applicable. Non-resident shareholders [including Foreign Institutional Investors (FIIs)/Foreign Portfolio Investors (FPIs)] can avail beneficial rates under tax treaty between India and their country of tax residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, any other document which may be required to avail the tax treaty benefits. For this purpose, the shareholder may submit the above documents by e-mail to our RTA, Link Intime India Private Limited to its email address: rnt.helpdesk@linkintime.co.in or to the Company to its email address: investorrelations@radiantcashlogistics.com by August 30, 2024. You may also raise an email query using following link: https://liiplweb.linkintime.co.in/rnthelpdesk/Service_Request.html
11. Members of the Company are requested to note that as per the provisions of Section 124 of the Companies Act, 2013, dividends not en-cashed/ claimed by the Members of the Company, within a period of 7 (seven) years from

the date of declaration of dividend, shall be transferred to the Investor Education and Protection Fund (IEPF) by the Company. Further, pursuant to the provisions of Section 124 of the Companies Act, 2013 and Investor Education and Protection Fund Authority Rules, 2016 (IEPF Rules), all shares on which dividend has not been paid or claimed for seven consecutive years or more shall be transferred to an IEPF suspense account (in the name of the Company) within 30 (thirty) days of such shares becoming due for transfer to the Fund.

12. Members who have not encashed / claimed the dividends so far are, therefore, requested to make their claims to the Company / RTA, well in advance of the above mentioned timelines. The Company has uploaded the details of unpaid and unclaimed dividends lying with the Company as on 31st March, 2024 on the website of the Company at <https://radiantcashservices.com/investor-support/>
13. In line with the MCA Circular dated May 5, 2020 and January 13, 2021 and SEBI Circular dated May 12, 2020 and January 5, 2023 the Notice of the AGM along with the Annual Report 2023-24 is being sent only through electronic mode to those Members whose email addresses are registered with the Company / Depositories and the same will also be available on the Company's website www.radiantcashservices.com, the websites of Stock Exchanges i.e.: BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of National Securities Depository Limited ('NSDL') at <https://www.evoting.nsdl.com/>.

In view of the exemptions provided, no physical or hard copies of the Notice and Annual Report will be sent to Members who have not registered their e-mail addresses with the Company/RTA. However, in line with SEBI circular dated 5th January 2023, hard copy of Annual Report will be sent to the shareholders who request for the same. A request in this regard, can be made by sending an email to rnt.helpdesk@linkintime.co.in or investorrelations@radiantcashlogistics.com.
14. SEBI has established a common Online Dispute Resolution Portal ('ODR Portal') for resolution of disputes arising in the Indian Securities Market. Pursuant to this, post exhausting the option to resolve their grievance with the RTA / Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>) and the same can also be accessed through the Company's Website at www.radiantcashservices.com.
15. Members seeking any information with regard to the financial statements or any matter to be placed at the AGM, are requested to write to the Company at investorrelations@radiantcashlogistics.com. The same will be replied by the Company suitably.
16. Pursuant to SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on "e-Voting

facility provided by Listed Companies", e-Voting process has been enabled to all the individual demat account holders, by way of single login credential, through their demat accounts / websites of Depositories / DPs in order to increase the efficiency of the voting process. EXPLANATORY STATEMENT U/S. 102(1), COMPANIES ACT, 2013

The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ('the Act'), given hereunder sets out all the material facts relating to the Special Business mentioned at

Item Nos. 5 to 10 of the accompanying Notice dated August 07, 2024

Item Nos. 5, 6, 7 & 8

Pursuant to the provisions of Section 149 of the Act, read with the Companies (Appointment and Qualification of Directors) Rules, 2014, Ms. Jayanthi (DIN: 09295572) and Lt. Gen. Devraj Anbu (DIN: 09295593) were appointed as Independent Directors of the Company, by the Members at the 16th AGM of the Company, held on September 20, 2021, for a period of three consecutive years commencing from September 6, 2021 to September 5, 2024.

Mr. Ashok Kumar Sarangi (DIN: 09041162) was appointed as Independent Director, at the EGM held on September 23, 2021 for a period of three consecutive years commencing from September 23, 2021 to September 22, 2024.

Ms. Jayanthi and Lt. Gen. Devraj Anbu holds office as Independent Directors up to the date of ensuing AGM, ie. September 05, 2024 and Mr. Ashok Sarangi holds office till September 22, 2024. Upon completion of their first term, they are eligible for re-appointment as Independent Directors, on the Board of the Company for a second term upto 5 (five) consecutive years, subject to the approval of the Members by a Special Resolution.

Further, as per the Regulation 17(1A) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), appointment or continuation of a Non- Executive Director after attaining the age of 75 years requires approval of Members of the Company by way of Special Resolution.

In terms of Section 149 (10) and (11) of the Act, an Independent Director can hold office for two consecutive terms of up to five years each on the Board of a Company, subject to shareholders approving the second term by passing a Special Resolution.

The Nomination and Remuneration Committee (NRC), after taking into account the performance evaluation of Ms. Jayanthi, Lt. Gen Anbu and Mr. Sarangi during their first term of 3 (three) years and considering their knowledge, acumen, expertise, experience, time commitment and contribution to the Company, recommended to the Board, for their reappointment for a second term of 3 (three) consecutive years. The NRC and the Board also noted that they possesses appropriate skills, experience, knowledge and capabilities required for the role as Independent Directors and considers that given the background and experience of Ms. Jayanthi (77 years) of age, Lt. Gen. Anbu (64 years) and Mr. Sarangi (65 years), their continued association would be beneficial to the Company and it is desirable to continue to avail their services as Independent Directors.

The Company has received all statutory disclosures / declarations from Ms. Jayanthi, Lt. Gen Anbu and Mr. Sarangi, including:

- (i) Consent in writing to act as director in Form DIR-2, pursuant to Rule 8 of the Companies (Appointment and Qualifications of Directors) Rules, 2014 ("the Appointment Rules"),

- (ii) Intimation in Form DIR 8, in terms of the Appointment Rules to the effect that they are not disqualified under sub-section (2) of Section 164 of the Act,
- (iii) Declaration to the effect that they meet the criteria of independence as provided in sub-section (6) of Section 149 of the Act and under Regulation 16(1) of SEBI Listing Regulations,
- (iv) Declaration pursuant to BSE Circular No. LIST/COMP/14/2018-19 dated June 20, 2018, and NSE Circular No. NSE/ CML/2018/24 dated June 20, 2018 that they are not debarred from holding office of a Director by virtue of any order passed by the SEBI or any other such authority,
- (v) Confirmation that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge duties as Independent Directors of the Company;
- (vi) Notice in writing by member proposing their candidature under Section 160(1) of the Act; and
- (vii) Confirmation that they are in compliance with Rules 6(1) and 6(2) of the Appointment Rules, with respect to his registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs

In the opinion of the Board, they fulfil the criteria specified in the Act and SEBI Listing Regulations for appointment as Independent Directors and are independent of the management of the Company. In compliance with the provisions of Section 149, read with Schedule IV of the Act and Regulation 17 of SEBI Listing Regulations and other applicable Regulations, and based on the recommendation of NRC the re-appointment of Ms. Jayanthi, Lt. Gen Anbu and Mr. Sarangi as Independent Directors for a second term of three (3) consecutive years each, are being placed before the Members for approval, as set out in item Nos. 5, 6, 7 and 8 of this Notice.

The terms and conditions of the re-appointment of Independent Directors are uploaded on the website of the Company at www.radiantcashservices.com and would also be made available for inspection to the Members of the Company up to the date of the AGM. Any Member who wishes to take inspection may send a request from their registered e-mail address to the Company at investorrelations@radiantcashlogistics.com along with their Name, DP ID & Client ID/Folio No.

A brief profile of the Independent Directors who seek re-appointment are given below:

The profile and specific areas of expertise and other relevant information as required under the LODR Regulations and SS-2 are provided as an Annexure to this Notice.

Except the respective Independent Directors seeking re-appointment, none of the other Directors or Key Managerial Personnel including their relatives are, in any way, concerned or interested, financially or otherwise, in the aforementioned Resolutions.

The Board commends the Special Resolutions set out at Item Nos. 5, 6, 7 and 8 of the accompanying Notice for approval of the Members.

Item No. 9

Pursuant to the provisions Section 185 of the Companies Act, 2013 ('the Act'), read with the Companies (Meeting of Board and its Powers) Rules, 2014 (the 'Rules') (as amended from time to time), a Company may advance any loan including any loan represented by a book debt, or give any guarantee or provide any security in connection with any loan taken by any Director or any person in whom any of the Director of the company is interested, subject to the condition that prior approval of the members of the Company is obtained by way of a Special Resolution and the loans are utilized by the borrower for its principal business activities.

In view of the above compliance requirements and based on the recommendation of the Audit Committee, the Board of Directors at its meeting held on 07th August, 2024 decided to seek the approval of members, for advancing any loan (including any loan represented by a book debt) and/or give guarantee and/ or provide any security in connection with any loan taken by Radiant Protection Force Pvt. Ltd ("RPF"), a Radiant Group entity in which Directors of the Company are interested. Col. David Devashayam, Chairman & Managing Director and Dr. Renuka David, Whole-time Director are promoter directors in RPF and together they hold 100% of the shareholding in RPF.

The members may kindly note that Radiant Cash Management Services Limited (the Company / RCMS) as a cash logistics Company, avails the services of trained and reliable personnel such as Gun Men, Security Guards, Drivers etc., from RPF and uses Specially Fabricated Cash Vans of RPF to ensure safe transport of Cash. These services are an integral part of the cash management business of the Company. Therefore, in order to ensure smooth conduct of operations in RPF, it is proposed to extend necessary support towards the business requirements of RPF by way of advancing any loan (including any loan represented by a book debt) and/or give guarantee and/ or provide any security in connection with any loan taken by RPF, **up to an aggregate limit of Rs. 100 million** at any given point of time. This would enable RPF to avail credit facilities for its working capital requirements and obtain lease financing from various financial institutions, for the purchase of Specially Fabricated Cash Vans.

The members may note that the Board of Directors, would carefully evaluate each proposals and provide such loans, guarantees or security through deployment of funds arising out of internal resources/accruals, from time to time, to be used by the RPF for its principal business activities only. Considering that the proposed transaction are with a related party, the terms and conditions for the loan including any loan represented by a book debt or guarantee given or security provided in connection with any loan taken / to be taken by RPF shall be on arm's length basis and a separate approval for the same under section 188 is sought under item no. 10 of this Notice.

The Board of Directors recommends the resolution as set out in Item No. 9, for obtaining consent of the members of the Company by passing as a **Special Resolution**.

Col. David Devashayam, Chairman & Managing Director and Dr. Renuka David, Whole-time Director and their relatives are considered interested in this item.

None of the other Directors or Key Managerial Personnel or their relative(s) is / are in any way concerned or interested, financially or otherwise in the resolution, except to the extent of their directorships and shareholding in the Company (if any).

Item No. 10

In terms of Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ('SEBI Listing Regulations'), as amended, any transactions with a related party shall be considered material, if the transaction(s) entered into/ to be entered into individually or taken together with the previous transactions during a financial year exceeds 1,000 crore or 10% of annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower, and shall require prior approval of shareholders by means of an ordinary resolution. The said limits are applicable, even if the transactions are in the ordinary course of business of the concerned company and on an arm's length basis. Further, subsequent changes which are material in nature in respect of such related party transactions, as already approved by the Members of the Company, are required to be placed before the Members for their approval before such modification are carried out in RPTs

In view of the above compliance requirements, the Company obtained prior approval of members, through a postal ballot on March 23, 2023, for entering into contract(s)/arrangement(s)/ transaction(s) with Radiant Protection Force Private Limited ("RPF") on such terms and conditions as may be agreed between the Company and RPF, for an aggregate value up to Rs. 800 million for FY 2023-24, up to Rs. 1,000 million for FY 2024-25 and up to Rs. 1,250 million for FY 2025-26, for availing services, in the nature of Security Services of Gun Men/Guards/Drivers, Lease of Vehicles, Generators, Specially Fabricated Cash Vans and to use a portion of office premises sub leased to the Company, subject to the condition that such contract(s)/arrangement(s)/ transaction(s) are being carried out at arm's length and in the ordinary course of business of the Company and RPF.

As the aforesaid transactions approved by the members on an aggregate basis are material, any new contract(s)/ arrangement(s)/ transaction(s) to be entered into with RPF, which are not covered in the earlier approval, will also require fresh approval from the Members of the Company.

Accordingly, based on the approval of the Audit Committee and the recommendation of the Board, the resolution set out in Item No. 10 of the Notice pertaining to advancing any loan (including any loan represented by a book debt) and/or give guarantee and/ or provide any security in connection with any loan taken/to be taken by RPF, is placed for the approval of the Members of the Company, to pass as an **Ordinary Resolution**.

Background, details and benefits of the transaction

Radiant Cash Management Services Limited ("the Company/

RCMS"), as a cash logistics Company, requires services of trained and reliable personnel such as Gun Men, Security Guards Drivers etc., and also uses Specially Fabricated Cash Vans to ensure safe transport of Cash. These services are currently availed from RPF and are an integral part of the cash management business of the Company.

In order to ensure uninterrupted flow services from RPF, it is proposed to extend necessary financial support towards business requirements of RPF, which may arise from time to time. RPF requires Corporate Guarantee from RCMS to avail lease financing from various financial institutions /body corporates, to secure the purchase of Specially Fabricated Cash Vans and financial assistance through loans, to manage its operations. Accordingly, an approval from the shareholders of the Company is sought for advancing any loan (including any loan represented by a book debt) and/or give guarantee and/ or provide any security in connection with any loan taken/to be taken by RPF, for an amount not exceeding **₹100 million (Rupees One Hundred million only)** in aggregate if there is a need arises.

After including the value of the aforesaid transactions proposed, the aggregate value of all transactions with RPF are expected to increase up to Rs. 1,100 million for FY 2024-25 and up to Rs. 1,350 million for FY 2025-26.

The Audit Committee has been provided with the relevant details, as required under law, of the proposed RPTs including material terms and basis of pricing while seeking its prior approval. The Audit Committee, after reviewing all necessary information, has granted approval for giving loan / guarantee to RPF.

Details of the proposed transactions with Radiant Protection Force Private Limited, being a related party of the Company, are as follows:

During the year under review, your Company achieved a standalone Total Revenue of ₹ 3902.67 million, registering an increase of 9% over the previous year. The standalone Profit Before Tax was at ₹ 617.67 million as compared to ₹ 843.12 million in the previous year. The standalone Profit after Tax was ₹ 454.41 million in 2023-24, lower by ₹ 172.86 million, resulting in a decrease of 28% compared to the profit after tax of ₹ 627.27 million for the previous year.

Our performance during the year was affected on account of losses from the recently forayed Diamond Bullion Jewellery (DBJ) logistics business, lower margins during scale up in Cash Van operations and pricing pressure from few clients. Our DBJ logistics business is expected to break even and make positive EBITDA in the near future.

Your Company acquired 58.21%, of share capital in M/s Aceware Fintech Services Pvt. Ltd. ("Aceware") on December 01, 2023, making it a subsidiary of your Company. The Consolidated financial statements includes the net assets and results of Aceware for the period December 01, 2023 to March 31, 2024.

On a Consolidated basis, your Company achieved a Total Revenue of ₹ 3,920.64 million during FY 2023-24. The consolidated profit before tax and Consolidated Profit after taxes was ₹ 606.27 million and ₹ 444.59 million respectively.

The operational performance of the Company are detailed in the Management Discussion and Analysis forming part of the annual report

Performance of Subsidiary

Diversification and Acquisition:

The FY 2023-24 has been a year of growth, diversification and acquisition for your Company.

During August 2023, the Company made a strategic expansion into facilitating movement of Diamond, Jewellery, Gold, Bullion, Precious Metals and High Value items (DBJ). Retail Cash Management business and DBJ logistics businesses exhibit substantial synergies, with both operations demanding a robust network, extensive experience in handling valuable cargo, and a strong process orientation.

On December 01, 2023, the Company acquired majority stake in Fintech Services Pvt. Ltd ("Aceware"), a Cochin based banking correspondence & fintech services provider for Banks / Financial Institutions / Merchants, facilitating digital payment solutions and other allied services to the rural population. This acquisition will provide significant growth opportunities for the Company including providing cash replenishment to micro ATMs in the rural areas, providing retail cash management services to end customers of cooperative banks and cooperative societies and leveraging the digital wallet services of Aceware, for more efficient fulfillment of cash management services.

Outlook:

Global Gross Domestic Product (GDP) growth is expected to ease from 3.1% in 2023 to 2.9% in 2024, before recovering to 3.0% in 2025.

The Indian economy registered sustained growth on the back of increasing domestic demand, government impetus to infrastructure spending and export growth. India's real Gross Domestic Product (GDP) is estimated to have grown by 7.6% in FY24 as against a growth of 7.0% in FY23 on the back of buoyant domestic demand. This represented a third successive year of growth of more than 7 %.

Management Discussion & Analysis

INDUSTRY STRUCTURE AND DEVELOPMENTS

Global Economy Overview

The global economy in 2024 exhibited strong recovery trends from the multifaceted disruptions caused by the COVID-19 pandemic, geopolitical tensions, and prolonged supply chain issues. According to the International Monetary Fund (IMF), global GDP growth is projected to grow at 3.2% in 2024 and 3.3% in 2025, driven by robust consumer demand and a resurgence in trade activities. Advanced economies are expected to experience a growth rate of around 1.7% in 2024 and 1.8% in 2025, while emerging markets, including India, are anticipated to grow at a more dynamic rate of 4.3%. This growth is fuelled by increased investment in infrastructure, technological advancements, and a rebound in manufacturing and service sectors.

Indian Economy in FY24

India's economy continued its strong recovery trajectory, with a GDP growth rate of 7.6% for FY24. The key drivers of this growth include substantial government spending on infrastructure projects, a robust performance in the agricultural sector, and a resurgence in manufacturing and services sectors. The digital economy and financial services have also significantly contributed to India's economic growth, positioning the country as a key player in the global market. The government's focus on structural reforms and fiscal consolidation has further strengthened the economic outlook for India.

Cash Management Systems in India and Globally

Globally, the cash management industry is evolving with increasing integration of technology and digital solutions. In India, cash remains a significant mode of transaction despite the growing adoption of digital payments. The Reserve Bank of India (RBI) has been promoting digital transactions; however, cash continues to dominate, especially in rural and semi-urban areas. The Indian cash management market is characterised by high demand for secure and efficient cash logistics solutions. This demand is driven by a large informal sector and the cultural preference for cash transactions. The organized retail sector is also growing at a healthy rate annually and only less than one-third of these are currently outsourced for cash management services.

Business Segments and Industries

The Company primarily operates in one business segment – Cash Management Services. Further, there is no reportable Geographical segment

The break-up of operational revenue across the business verticals of the Company is given below:

- **Cash Pick-Up & Delivery:** 66% of revenue.
- **Network Currency Management:** 19% of revenue.

- **Cash Processing:** 5% of revenue.
- **Cash Van Operations:** 8% of revenue.
- **Others:** 2% of revenue.

Strategic Pillars

1. **Consolidate and Grow the Core Business:**
 - o Focus on growth in organized retail, BFSI, and e-commerce segments.
 - o Increase direct sales channels to 10% of revenue.
 - o Diversify client base and grow cash vans to 8% of revenue.
2. **Establish New Adjacent Businesses:**
 - o AEPS-based micro ATMs and digital cash solutions.
 - o Valuables platform for secure delivery of diamonds, bullion, and jewellery.
3. **Move Up the Value Chain with a Phygital Platform:**
 - o Secure physical network across 14,370 pin codes.
 - o Develop a robust fintech platform.
4. **Strengthen Geographic and Technological Footprints:**
 - o Expand digital capabilities and roll out Radiant Insta Credit (RIC).

Recent Initiatives

1. **Acquisition of Aceware Fintech Services:** Radiant Cash Management Services acquired a majority stake in Aceware Fintech Services Pvt. Ltd., enhancing its digital banking capabilities.
2. **Launch of Radiant Valuables Logistics:** Expansion into secure transportation of high-value items like diamonds, jewellery, and bullion.
3. **Expansion of Service Network:** Added 911 pin codes and 6,514 retail touchpoints in FY24, enhancing service coverage.

OPPORTUNITIES AND THREATS

Opportunities:

- **Rising Demand for Retail Cash Management:** As organised retail expands in India, the need for retail cash management services is increasing.
- **Cash Logistics for E-commerce:** With the rapid growth of e-commerce in India, there is a rising need for cash logistics services to facilitate cash-on-delivery (COD) transactions
- **Outsourcing Opportunities:** Banks, financial institutions, and businesses increasingly outsource their cash management operations to specialised service providers.

- **Geographic Expansion:** The Company has added 911 pin codes and 6,514 retail touchpoints during the year, leading to further penetration into rural and semi-urban markets.
- **New Business Ventures:** Expansion into valuables logistics and fintech services creates opportunity to provide innovative service offerings.

Threats

- **Operational & Security Risks:** Cash management services involve inherent security risks, including theft, robbery, and pilferage. Operational risks such as cash counting errors, mismanagement of funds, system failures, or transportation delays can impact service quality and customer satisfaction
- **Cyber security threats and data breaches:** Cyber security or data breaches can affect our ability to service our customers, and conduct and manage our business, as well as our reputation with our customers.
- **Competitive Pressure:** Competition from existing players in cash management can result in pricing pressures, reduced margins, and needs continuous innovation to differentiate our services.
- **Change in trend and market fluctuations:** Emerging competition from digital banking and decline in cash usage can have an impact on the cash logistics business of the Company. Economic downturn and fluctuations in banking industry can also affect the Company's business.
- **Regulatory Changes:** Potential changes in regulations / guidelines applicable for cash management services.

RISK & CONCERNS, RISK MITIGATION

Operational & Security Risks

Risk Mitigation: Radiant Cash Management Services has put in place strong measures to address operational and security risks:

- By implementing rigorous security protocols, utilizing advanced technology, and following well-established processes, the company effectively minimizes the risk of theft, loss, or operational disruptions.
- Our framework is regularly audited by foreign banks, ensuring alignment with business continuity plans and operational procedures.
- With a team of 91 risk managers and 66 supervisors, including former military personnel, we maintain a nationwide network that responds swiftly to any incidents.

Cybersecurity Threats and Data Breaches

Risk Mitigation Radiant Cash Management Services has taken comprehensive steps to guard against cybersecurity threats and data breaches:

- **Secure IT Infrastructure:** The Company invests in advanced cybersecurity infrastructure, such as firewalls, encryption protocols, and intrusion detection systems, to

protect sensitive customer data and prevent unauthorized access.

- **Ongoing Security Audits:** Regular security audits and vulnerability assessments are conducted to proactively identify and address any potential weaknesses in our systems.
- **Employee Training:** Radiant Cash provides thorough cybersecurity training to all employees, increasing awareness of potential threats like phishing and promoting best practices for data protection, thereby reducing the likelihood of human error and enhancing overall security.

Competitive Pressure

Risk Mitigation: Radiant Cash Management Services has developed a range of strategies to combat competitive pressures:

- **Enhanced Service Offerings:** The Company offers a wide array of cash management services that set it apart from competitors, including innovative solutions, cutting-edge technology platforms, and tailored service packages.
- **Targeting Untapped Markets:** The Company is focusing on direct clients from the underserved customers in nationalized banking sector, combined with the launch of Radiant Insta Credit (RIC) and the acquisition of RadiantAcemoney allows the company to leverage the digital payment ecosystem and expand its market for cash management services.
- **Building Customer Loyalty:** Through the establishment of long-term partnerships with key clients and delivering exceptional customer service, the company fosters loyalty and mitigates the risk of losing clients to competitors.
- **Proactive Market Research:** Regular market research is conducted to identify emerging trends, competitor strategies, and shifting customer preferences, enabling the company to stay ahead by adapting its offerings accordingly.

Changes in Trends and Market Fluctuations

Risk Mitigation: Radiant Cash Management Services employs several strategies to mitigate the impact of economic downturns and market fluctuations:

- **Client Base Diversification:** By maintaining a diverse portfolio of clients across various industries and sectors, Radiant Cash reduces its dependency on any single client or industry, thus minimizing the effects of market fluctuations.
- **Expanding Market Reach:** A strong focus on acquiring direct clients, particularly those who are note services by the nationalized banking sector, combined with the launch of Radiant Insta Credit (RIC) and the acquisition of Radiant Acemoney, allows the company to leverage the digital payment ecosystem and expand its market for cash management services.
- **Market Trend Monitoring:** The Company closely monitors economic indicators, market trends, and

customer demands, enabling proactive adjustments to business strategies and the identification of new growth opportunities.

- **Cost Optimization:** Radiant Cash continually assesses its cost structure, identifying opportunities for optimization, such as streamlining operations, negotiating better vendor contracts, and implementing cost-saving measures without compromising service quality.

Regulatory Changes

Risk Mitigation: Radiant Cash Management Services has implemented thorough measures to manage regulatory challenges:

- **Dedicated Compliance Team:** A specialized team is in place to monitor and ensure compliance with all relevant regulations and guidelines, conducting regular audits and reviews to quickly identify and address potential non-compliance issues.
- **Collaboration:** Radiant Cash works closely with legal experts and consultants to stay informed about regulatory changes and ensure full compliance with legal requirements, helping to minimize the risk of penalties and legal issues.
- **Employee Training & Awareness:** The Company conducts regular training sessions and workshops to educate employees on regulatory compliance, ethical practices, and data privacy, ensuring that all employees are well-informed and compliant with required standards.

Risk Management

The Board's Risk Management Committee supervises the implementation of the risk management policy and assesses the effectiveness of the risk management systems. The company prioritizes operational risk management to ensure the security and reliability of its cash logistics. By combining human oversight with technological solutions, the company minimizes risks. Security is further enhanced through regular audits, real-time tracking, and a dedicated risk management team, which includes former armed forces personnel.

Internal Financial Control Systems and Adequacy

The Company has implemented effective internal financial control systems to ensure reliable financial reporting and compliance with relevant laws and regulations. These internal controls are appropriate for the Company's size and the nature of its operations. They are designed to provide reasonable assurance regarding the recording and reliability of financial and operational information, compliance with applicable statutes, protection of assets from unauthorized use, proper authorization of transactions, and adherence to corporate policies. The current internal checks and controls are comprehensive and offer sufficient assurance to management.

ASA & Associates, Chartered Accountants, the Company's statutory auditors, have audited the financial statements included in this annual report and have provided an attestation report on the Company's internal control over financial reporting, as defined in section 143 of the Companies Act, 2013.

The Company has appointed Menon & Pai, Chartered Accountants, to manage and conduct internal audits of its activities. The audits are carried out according to an Internal Audit plan, which is reviewed annually and approved by the Audit Committee. The Audit Committee also reviews the Internal Audit report on a quarterly basis.

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

S. No.	Material identified issue	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Carbon Emissions	R	Governments around the world are implementing stricter regulations to mitigate climate change and reduce carbon emissions. By identifying carbon emission as a material topic, RCMS ensures compliance with the existing and proposed environmental regulations. This helps the company avoid legal issues and penalties and improves its reputation as a responsible organization.	In India, the nature of vehicles to be used for the cash logistics operations are regulated by the RBI/MHA guidelines. As per current regional regulatory compliance, the vehicles in Delhi and NCR are switched to CNG instead of conventional fuels like Petrol/Diesel. Additionally, steps to reduce emissions from the cash vehicles are being taken by periodic pollution control checks and regular servicing.	Negative
2	Labour Management	R	Poor labour management pose a significant risk which can lead to service disruptions and adverse impact on the reputation of the company. The expectations of the work force are increasing with times and effective labour management is essential for organisational growth. As a responsible cash logistics service company, it is crucial for us to prioritise our employee well-being.	By having continuous interactions with the workforce for any feedbacks for improvements and by swiftly addressing the grievances, RCMS is committed to creating positive relationship with the employees. RCMS strives to improve employee satisfaction and maintain positive work environment.	Negative
3	Human Capital Development	O	Continuous upskilling and training programs are required for constant development of the human resources. Well Trained and highly motivated human capital will enhance productivity and innovation. Investing in human capital development will always result in increased efficacy, improved service delivery and resultant profitability and customer delight.	The organization invests in a well thought out human resource development programme for training of the workforce which increased employee morale, motivation and enhanced productivity. These actions also helped the organisation to attract and retain talent and foster business excellence.	Positive
4	Health & Safety	O	Providing a safe and healthy work environment for the workforce promotes employee wellbeing, positive working atmosphere, improved productivity and less downtime.	Stringent safety systems in place to ensure a healthy and safe workplace for the employees. RCMS also conducts safety trainings on safety protocols to avoid any workplace accidents to its employees.	Positive

S. No.	Material identified issue	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Human Rights	R	Violation of human rights of any form in any of the locations where company has business interest will sooner or later result in agitations and loss of productivity. Adherence to human rights is essential for any business and RCMS is committed towards prohibition of child labour, prohibition of forced and compulsory labour, freedom of association and compliance to current regulatory requirements.	RCMS ensures compliance to local regulations and human rights standards. RCMS keep the channels of feedback from the field team open and intervene proactively where challenges are identified to avoid disruptions. Human rights training programmes are conducted periodically to create awareness to the workforce.	Negative
6	Privacy and data security	R	As a cash management service company, Privacy and Data Security is of paramount importance as our business involves sensitive financial data and any disruption or leakage will endanger our company. Timely and secure transmission of data is critical for effective operations.	RCMS have cybersecurity policy in place, and we have implemented data storage and transmission facility with 100% backups to ensure highest level of data security standards.	Negative
7	Community relations	O	As a responsible business organisation, Radiant cash understands the importance of community relations and invests in development of local communities.	RCMS involves in community initiatives through their CSR arm -Radiant Foundation and other implementing agencies.	Positive
8	Business Ethics	O	Being in financial industry, adherence to professional ethics such as Anti-corruption, Anti-money laundering, Insider trading, Fair taxation and auditing practices are key to success of operations. Clearly defined and transparent processes with ethical implementation will enhance the reputation of the company and in turn result in increased productivity and profitability. Nonadherence on the other hand will lead to legal fines, penalties, trust erosion and reputational damage. Also timely and effective compliance with regulatory and legal authorities, augment good ethical behaviour.	The company's code of conduct clearly mandates ethical behaviour of both the external and internal stakeholders. Moreover, effective Whistle blower policy, vigil mechanism and grievance redressal mechanism are in place. RCMS is planning to conduct well formulated Business ethics and code of conduct trainings to internal stakeholders.	Positive

Independent Auditor's Report

To the Members of Radiant Cash Management Services Limited
(formerly known as Radiant Cash Management Services Private Limited)

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Radiant Cash Management Services Limited** ("the Company"), which comprise the balance sheet as at March 31, 2024, statement of profit and loss (including other comprehensive income), the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Revenue from Operations: We have identified revenue recognition as a key audit matter since: <ul style="list-style-type: none"> There is a element of inherent risk and presumed fraud risk around accuracy and existence of revenue recognised. Overstatement of revenue is considered as a significant audit risk as it is a key performance indicator. There is a significant audit effort, due to volume of transactions, to ensure that unbilled revenue is recorded based on contractual terms and the services are rendered.	In view of the significance of the matter, we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence: <ul style="list-style-type: none"> Assessing the appropriateness of the Company's accounting policies in respect of revenue recognition by comparing with applicable accounting standards. Evaluating the design and testing the implementation of the internal financial controls and testing the operating effectiveness of internal controls for a randomly selected sample of transactions. Performing substantive testing by comparing selected samples of revenue transactions accounted during the year and matching the parameters used in the computation with the relevant source documents. For selected samples of unbilled transactions, tested with subsequent invoicing / other underlying documents to verify services rendered.

Other Information other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matters to those charged with governance and take appropriate actions.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not

a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a

statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books

Report on the Internal Financial Controls with reference to the Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the standalone Financial Statements of **Radiant Cash Management Services Limited** (the "Company") as at March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to the standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of internal financial controls with reference to the standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the

assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the standalone financial statements.

Meaning of Internal Financial Controls with reference to the Standalone Financial Statements

A Company's internal financial control with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to the standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial control with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has maintained, in all material respects, an adequate internal financial controls system with reference to the standalone financial statements and such internal financial controls with reference to the standalone financial statements were operating effectively as at March 31, 2024, based on the internal control with reference

to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to standalone financial statements for the year ended March 31, 2024

(Amount in INR millions, unless otherwise stated)

1 Corporate Information

- 1.1 Radiant Cash Management Services Limited ("the Company") (CIN: L74999TN2005PTC055748) was incorporated as a private limited company under the provisions of the Companies Act, 1956 on March 23, 2005. The Company's registered office is situated at 28, Vijayaraghava Road, T.Nagar, Chennai – 600017. The Company is engaged in the business of Cash Logistics Services, Cash Van Operations and related services. The company was converted into a Public Limited Company with effect from August 25, 2021 as approved by the Registrar.
- 1.2 The company went public with its Initial Public Offer (IPO) during December 2022, pursuant to which 54,54,546 shares of Re.1 each (at a premium of Rs 98 per share) were allotted on 2nd January 2023 (Refer Note 15.6). The Company's shares got listed in the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) on 4th January 2023.

2 Basis of Preparation

- (i) These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 specified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.
- (ii) The financial statements were authorised for issue by the Company's Board of Directors on May 23, 2024.

(iii) Current versus Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle or expected to be realized within twelve months after the reporting period
- Held primarily for the purpose of trading
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle or due to be settled within twelve months after the reporting period
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified period of twelve months as its operating cycle.

(iv) Significant accounting, judgments, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have financial impact on the company and that are believed to be reasonable under the circumstances.

The areas involving critical estimates or judgments are:

- Estimation of useful life of property, plant and equipment and intangible asset
- Estimation of defined benefit obligation
- Impairment of financial assets & non-financial assets
- Measurement of Right-of-Use (ROU) Asset and Liabilities

(v) Functional currency and presentation currency

Items included in the Financial Statements of the Company are measured and presented using the currency of the primary economic environment in which the Company operates ("Functional Currency"). Indian Rupee is the functional Currency of the Company.

Notes to standalone financial statements for the year ended March 31, 2024

(Amount in INR millions, unless otherwise stated)

(vi) Historical cost convention

The Financial Statements have been prepared under historical cost convention on accrual basis except for certain assets and liabilities as stated in the respective policies, which have been measured at fair value.

(vii) Measurement of Fair value

A few of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3 Summary of material accounting policies

(i) Revenue recognition

a) Commission

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is recognized to the extent that it is highly probable and a

significant reversal will not occur. Revenue from rendering of services is recognized as and when the services are rendered as per the terms of agreement with the customers and is disclosed net of credit notes towards deductions by customers as per the terms of the agreement.

b) Dividend and Interest Income

Dividend income from investments is recognized when the Company's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

(ii) Property, Plant and Equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part have a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Property, plant and equipment are eliminated from financial statements, either on disposal or when retired from active use. Losses arising in case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in statement of profit and loss in the year of occurrence.

Depreciation is provided on the Straight Line Method (SLM). The useful life as specified in Schedule II to the Companies Act, 2013 has been considered for depreciation computation. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the fixed asset or of the remaining useful life on a subsequent review is shorter/longer than that envisaged in the aforesaid schedule, depreciation is provided at higher/lower rate based on the management's estimate of the useful life/ remaining useful life. Depreciation is charged on pro rata basis for assets purchased/sold during the year.

Notes to standalone financial statements for the year ended March 31, 2024

(Amount in INR millions, unless otherwise stated)

Pursuant to this policy, the Property, Plant and Equipments are depreciated over the useful life as provided below:

Asset description	Estimated useful Life (in Years)
Computers	3
Motor vehicles	6-10
Furniture & fixtures	10
Electrical fittings	10
Office equipments	5
Vault & lockers	10

(iii) Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any.

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the company and the cost of the asset can be measured reliably. Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in profit and loss in the period in which the expenditure is incurred.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. Useful life of intangible asset is considered as 3-4 years.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(iv) Impairment of non-financial assets

The Company assesses at each reporting date

whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses of operations are recognized in the statement of profit and loss.

At each reporting date if there is an indication that previously recognized impairment losses no longer exist or have decreased, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed in the statement of profit and loss only to the extent of lower of its recoverable amount or carrying amount net of depreciation considering no impairment loss recognized in prior years only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized.

(v) Borrowing Cost

The Company capitalizes borrowing costs that are directly attributable to the acquisition or construction of qualifying asset as a part of the cost of the asset. The Company recognizes other borrowing costs as an expense in the period in which it incurs them. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

To the extent the Company borrows generally and uses them for the purpose of obtaining a qualifying asset, amount of borrowing cost eligible for capitalization is computed by applying a capitalization rate to the expenditure incurred. The capitalization

Notes to standalone financial statements for the year ended March 31, 2024

(Amount in INR millions, unless otherwise stated)

rate is determined based on the weighted average of borrowing costs, other than borrowings made specifically towards purchase of a qualifying asset.

(vi) Foreign currency translation

Transactions in foreign currencies are initially recorded by the company at their respective functional currency spot rates, at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized as income or expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

(vii) Employee benefits

Short term employee benefits obligations are measured on an undiscounted basis and are expensed as the related services provided. A liability is recognized for the amount expected to be paid under short-term employee benefits if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

a) Defined contribution plan

Retirement benefit in the form of provident fund is defined contribution scheme. The Company has no obligation, other than the contribution payable to such schemes. The Company recognizes contribution payable to such schemes as an expense, when an employee renders the related service.

b) Defined benefit plan

The Company's obligation on account of gratuity is determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting

date.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss -Service costs comprising current service costs and Net interest expense or income.

The Company operates a defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Liability for gratuity as at the year-end is provided on the basis of actuarial valuation.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

(viii) Income taxes

a) Current income tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

b) Deferred tax

Deferred tax is recognized in respect of temporary differences between the tax bases of assets and liabilities and their carrying

Notes to standalone financial statements for the year ended March 31, 2024

(Amount in INR millions, unless otherwise stated)

amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(ix) Leases

The Company, being a lessee, assesses whether a contract contains a lease, at inception of a contract. Company recognizes Right of Use Asset and lease liability only when the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets, for which the entity is reasonably certain to exercise the right to purchase, are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates.

For the short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

(x) Provisions and Contingencies

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is disclosed, where an inflow of economic benefits is probable.

(xi) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts, if any, as they are considered an integral part of the Company's cash management.

(xii) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial assets

Investments in Subsidiaries

Investments in Subsidiaries, Joint ventures and Associates are carried at cost less accumulated

Notes to standalone financial statements for the year ended March 31, 2024

(Amount in INR millions, unless otherwise stated)

impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in Subsidiaries, Joint ventures and Associates, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss.

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three broad categories:

- Financial assets at amortized cost
- Financial assets at fair value through OCI (FVTOCI)
- Financial assets at fair value through profit and loss (FVTPL)

Financial asset at amortized cost

A Financial asset is measured at amortized cost (net of any write down for impairment) the asset is held to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes) and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.

Such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit and loss. The losses arising from impairment are recognized statement of profit and loss. This category generally applies to trade and other receivables.

Financial asset at fair value through OCI (FVTOCI)

A financial asset that meets the following two conditions is measured at fair value through OCI unless the asset is designated at fair value through profit and loss under fair value option.

- The financial asset is held both to collect contractual cash flows and to sell.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI. However, the Company recognizes interest income and impairment losses & reversals in the Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to Profit and Loss. Interest earned whilst holding FVTOCI Financial asset is reported as interest income using the EIR method.

Financial asset at fair value through profit and loss (FVTPL)

FVTPL is a residual category for company's financial instruments. Any instruments which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

All investments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and Loss.

In addition, the company may elect to designate an instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Derecognition

When the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement. It

Notes to standalone financial statements for the year ended March 31, 2024

(Amount in INR millions, unless otherwise stated)

evaluates if and to what extent it has retained the risks and rewards of ownership.

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- Based on above evaluation, either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a bases that reflect the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets which are not fair value through profit & loss and equity instruments recognized in OCI.

Loss allowances for trade receivables are always measured at an amount equal to Lifetime ECL. Lifetime ECL are the expected credit losses that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECL is the maximum contractual period over which the company is exposed to credit risk.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a

significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortized cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

b) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss or at amortized cost, as appropriate. All financial liabilities are recognized initially at fair value and, in the

Notes to standalone financial statements for the year ended March 31, 2024

(Amount in INR millions, unless otherwise stated)

case of loans and borrowings, net of directly attributable transaction costs. The Company's financial liabilities include trade payables, lease obligations, and other payables

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial recognition, interest-bearing loans and borrowings and other payables are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

c) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis,

to realize the assets and settle the liabilities simultaneously.

(xiii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period adjusted for bonus elements, if any, issued during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders after taking into account the after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(xiv) Segment reporting

The Company has identified "Cash Logistics Service" as a reportable segment based on the manner in which the operating results are reviewed by the Chief Operating Decision Maker.

(xv) Cash Flow Statement

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'. Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year is classified by operating, investing and financing activities.

(xvi) Rounding of amount

Amount disclosed in the financial statement and notes have been rounded off to the nearest million as per the requirements of schedule III, unless otherwise stated.

Total	51.77	38.33

Defined benefit plan

As per the payment of Gratuity Act, 1972, the Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days' salary (last drawn salary) for each completed year of service. The scheme of the Company is funded with an insurance company in the form of a qualifying insurance policy. Management aims to keep annual contribution relatively stable at such a level such that no plan deficits will arise. The Company has purchased an insurance policy, which is a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset).

The following table summarizes the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the balance sheet for the gratuity plans of the Company.

b) Fair Value Hierarchy

- **Level 1** - Quoted prices (unadjusted) in active markets for identical Assets or Liabilities.
- **Level 2** - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3** - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Valuation Technique used to determine Fair Value:

Specific valuation techniques used to value financial instruments include:

Use of quoted market prices for Listed instruments

For the year ended March 31, 2024 and year ended March 31, 2023 there are no financial assets under the categories FVTOCI or FVTP&L

Note 39 - Risk Management

Financial Risk Management

The company is exposed to Interest rate risk, Credit risk, Collection risk and liquidity risk. Given the nature of operations, the company does not face any forex risk, commodity risk and other market risk aspects. The company has assigned the responsibility of managing these risks with the respective division heads as stated below.

Market Rate - Interest Rates

The company does not have any term loans with variable interest rate. Long term borrowings, in the nature of vehicle loans, are of fixed interest rate, and the extent of such borrowings are less than 5% of the networth of the company. Hence the company does not face any significant market risk in relation to interest rate volatility. Cash credit limits, to the extent of ₹ 850 million are variable rate borrowings, subject to periodic interest rate revision. The Company manages its CC limit utilisation judiciously to minimise interest outgo. This risk is managed by GM - Finance.

Credit Risk

The company is highly underleveraged with zero net debt (total debt minus free cash) as on March 31, 2024 and March 31, 2023. Hence credit risk of the company is very healthy and risk of default is negligible. This risk is managed by Managing Director.

Trade Receivable

Over 92% of the clients of the company are highly rated banks and financial institutions, with no history of defaults. Hence, credit risk on the trade receivables are negligible. The company takes adequate precaution in terms of evaluation of the creditworthiness of its direct clients. The track record of collection of Trade Receivables has been very healthy. The company also has a practice of obtaining confirmation on service provided from most of its clients before invoicing, and hence risk of subsequent non-collection is negligible. This risk is managed by Head - Business Development for new clients, and Head - Billing for the existing clients.

The following table provides information about the exposure to credit risk and expected credit loss for trade receivables:

Particulars	March 31, 2024			March 31, 2023		
	Gross carrying amount	Weighted average loss rate	Loss allowance	Gross carrying amount	Weighted average loss rate	Loss allowance
< 90 days	717.09	0.66%	4.74	650.65	0.69%	4.49

As on March 31, 2023

Number of Customers	Trade Receivable Outstanding	% on Total Trade Receivable
5	486.64	67.37%

Liquidity risk

The company has cash credit limit of ₹ 850 million. The company is also highly underleveraged and also has sufficient drawing power in its net current assets, to enhance its borrowing capacity at short notice, if required. Hence liquidity risk faced by the company is negligible. This risk is managed by the GM - Finance.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2024:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of

the Company as at March 31, 2024, and its Consolidated profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the financial consolidated statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Revenue from Operations: We have identified revenue recognition as a key audit matter since: <ul style="list-style-type: none">There is a element of inherent risk and presumed fraud risk around accuracy and existence of revenue recognised.Overstatement of revenue is considered as a significant audit risk as it is a key performance indicator. Other Information other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Report on Corporate Governance and Shareholder's information, but does not include the consolidated financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.

Our report on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of consolidated financial statement, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read

with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors is responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes

our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical

requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the Ind AS financial statements of step-down subsidiary, whose Ind AS financial statements reflect total assets (before consolidated adjustments) of Rs. 0.50 Million as at March 31, 2024, total revenue (before consolidated adjustments), total loss after tax of Rs. 0.01 Million and a total comprehensive loss is Rs 0.01 Million for the year ended March 31, 2024 as considered in consolidated financial statements. These Ind AS financial statements have been audited by the other auditor whose reports have been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these step-down subsidiary, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid step-down subsidiary is based solely on the reports of the other auditor.

Our opinion on the Consolidated Ind AS Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the Ind AS financial statements and other financial information certified by the management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books;
 - (c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss including the Other Comprehensive Income, the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flow dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards (Ind AS) prescribed under

section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended;

- (e) On the basis of the written representations received from the respective directors of the companies in the group as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of the company.
- Internal financial controls over financial reporting is not applicable to the subsidiaries. Hence, we have not reported on the adequacy of operating effectiveness of internal financial controls over financial reporting as per the requirements of section 143(3)(i) of the Act;
- (g) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act, in our opinion, according to the information and explanation given to us, the remuneration paid by the Holding Company and its subsidiaries to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act; and
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Group has disclosed the impact of pending litigations on its financial position in its consolidated Ind AS financial statements –Refer Note:38 to the consolidated Ind AS financial statements;
- ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.
- iv.
 - (a) The respective managements of the Company and its subsidiaries whose financial statements have been audited under the Act, have represented to us that, to the best of its knowledge and belief, no funds have been advanced

or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any such subsidiaries to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or any of such subsidiaries, or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective managements of the Company and its subsidiaries whose financial statements have been audited under the Act, have represented to us that, to the best of its knowledge and belief, no funds have been received by the Company or any of such subsidiaries from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause

(i) and (ii) of Rule 11(e) contain any material mis-statement.

- v. The Final dividend declared and paid by the holding company during the year and until the date of this report by the Company is in compliance with Section 123 of the Act.
- vi. Based on our examination and by the component auditor, which included test checks, the group has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, none of the auditors of the component has any adverse remarks on the same.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. ANNEXURE - A

to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Radiant Cash Management Services Limited** ("the Company"/ "the Holding Company") as of March 31, 2024, in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the consolidated financial statements included obtaining an understanding of internal financial controls with reference to the consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the consolidated financial statements.

Meaning of Internal Financial Controls with reference to the Consolidated Financial Statements

A Company's internal financial control with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to the consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to the Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to the consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has maintained, in all material respects, an adequate internal financial controls system with reference to the consolidated financial statements and such internal financial controls with reference to the consolidated financial statements were operating effectively as

at March 31, 2024, based on the internal control with reference to the consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Corporate Information

Radiant Cash Management Services Limited ('the Company' or 'the Holding Company') (CIN: U74999TN2005PTC055748) was incorporated as a private limited company under the provisions of the Companies Act, 1956 on March 23, 2005. The Company acquired control in **Aceware Fintech Services Private Limited** ('the subsidiary') by way of obtaining 58.21% of the issued and paid up share capital of the subsidiary company during the year. Accordingly, the Company, the subsidiary company and its subsidiary viz., **Acemoney Payment Solution Private Limited** ('the step-down subsidiary') together referred to as "the Group".

The Company's registered office is situated at 28, Vijayaraghava Road, T.Nagar, Chennai – 600017. The Company is engaged in the business of Cash Logistics Services, Cash Van Operations and related services. The company was converted into a Public Limited Company with effect from August 25, 2021 as approved by the Registrar of Companies.

The company went public with its Initial Public Offer (IPO) during December 2022, pursuant to which 54,54,546 shares of Re.1 each (at a premium of Rs 98 per share) were allotted on 2nd January 2023 (Refer Note 16.5). The Company's shares got listed in the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) on 4th January 2023.

2 Basis of Preparation

- (i) These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 specified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.
- (ii) The consolidated financial statements were authorised for issue by the Company's Board of Directors on May 23, 2024.

(iii) Current versus Non-current classification

The Group presents assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle or expected to be realized within twelve months after the reporting period
- Held primarily for the purpose of trading

(Amount in INR millions, unless otherwise stated)

- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle or due to be settled within twelve months after the reporting period
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has identified period of twelve months as its operating cycle.

(iv) Significant accounting, judgments, estimates and assumptions

The preparation of consolidated financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have financial impact on the Group and that are believed to be reasonable under the circumstances.

The areas involving critical estimates or judgments are:

- Estimation of useful life of property, plant and equipment and intangible asset
- Estimation of defined benefit obligation
- Impairment of financial assets & non-financial assets
- Measurement of Right-of-Use (ROU) Asset and Liabilities

Notes to Consolidated financial statements for the year ended March 31, 2024

(v) Functional currency and presentation currency

Items included in the consolidated financial Statements of the Group are measured and presented using the currency of the primary economic environment in which the Group operates ("Functional Currency"). Indian Rupee is the functional Currency of the Group.

(vi) Historical cost convention

The consolidated Financial Statements have been prepared under historical cost convention on accrual basis except for certain assets and liabilities as stated in the respective policies, which have been measured at fair value.

(vii) Measurement of Fair value

A few of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(viii) Basis of consolidation

Subsidiaries

The consolidated financial statements comprise of financial statements of the company and its

(Amount in INR millions, unless otherwise stated)

subsidiaries. Subsidiaries are entities controlled by the Company.

Control exists when the Company

- has power over the investee,
- it is exposed, or has rights, to variable returns from its involvement with the investee and
- has the ability to affect those returns through its power to direct relevant activities of the investee.

Relevant activities are those activities that significantly affect an entity's returns. The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements listed above.

In assessing control, potential voting rights that currently are exercisable and other contractual arrangements that may influence control are taken into account. The results of subsidiaries acquired or disposed of during the year are included in the consolidated financial statements from the effective date of acquisition and up to the effective date of disposal, as appropriate.

Inter-company transactions and balances including unrealised profits are eliminated in full on consolidation.

Non-controlling interests in the net assets (excluding goodwill) of consolidated subsidiaries are identified separately from the Company's equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the noncontrolling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interest having a deficit balance. Changes in the Company's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the Company's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received

Notes to Consolidated financial statements for the year ended March 31, 2024

is recognised directly in equity and attributed to owners of the Company.

When the Company loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e., reclassified to profit or loss) in the same manner as would be required if the relevant assets or liabilities were disposed of.

The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting or, when applicable, the cost on initial recognition of an investment in an associate or jointly controlled entity.

3 Summary of material accounting policies

(i) Revenue recognition

a) Commission

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is recognized to the extent that it is highly probable and a significant reversal will not occur. Revenue from rendering of services is recognized as and when the services are rendered as per the terms of agreement with the customers and is disclosed net of credit notes towards deductions by customers as per the terms of the agreement.

b) Dividend and Interest Income

Dividend income from investments is recognized when the Group's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

(Amount in INR millions, unless otherwise stated)

(ii) Property, Plant and Equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The Group identifies and determines cost of each component/ part of the asset separately, if the component/ part have a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Property, plant and equipment are eliminated from consolidated financial statements, either on disposal or when retired from active use. Losses arising in case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in statement of profit and loss in the year of occurrence.

Depreciation is provided on the Straight Line Method (SLM). The useful life as specified in Schedule II to the Companies Act, 2013 has been considered for depreciation computation. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the fixed asset or of the remaining useful life on a subsequent review is shorter/longer than that envisaged in the aforesaid schedule, depreciation is provided at higher/lower rate based on the management's estimate of the useful life/ remaining useful life. Depreciation is charged on pro-rata basis for assets purchased/sold during the year.

Pursuant to this policy, the Property, Plant and Equipments are depreciated over the useful life as provided below:

Asset description	Estimated useful Life (in Years)
Computers	3
Motor vehicles	6-10
Furniture & fixtures	10
Electrical fittings	10
Office equipments	5
Vault & lockers	10

(iii) Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any.

Notes to Consolidated financial statements for the year ended March 31, 2024

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the company and the cost of the asset can be measured reliably. Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in profit and loss in the period in which the expenditure is incurred.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. Useful life of intangible asset is considered as 3-8 years.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(iv) Good will:

Cash generating units to which goodwill is allocated are tested for impairment annually at each balance sheet date, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to that unit and then to the other assets of the unit pro rata on the basis of carrying amount of each asset in the unit. Goodwill impairment loss recognised is not reversed in subsequent period.

(v) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined

(Amount in INR millions, unless otherwise stated)

for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses of operations are recognized in the statement of profit and loss.

At each reporting date if there is an indication that previously recognized impairment losses no longer exist or have decreased, the Group estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed in the statement of profit and loss only to the extent of lower of its recoverable amount or carrying amount net of depreciation considering no impairment loss recognized in prior years only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized.

(vi) Borrowing Cost

The Group capitalizes borrowing costs that are directly attributable to the acquisition or construction of qualifying asset as a part of the cost of the asset. The Group recognizes other borrowing costs as an expense in the period in which it incurs them. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

To the extent the Group borrows generally and uses them for the purpose of obtaining a qualifying asset, amount of borrowing cost eligible for capitalization is computed by applying a capitalization rate to the expenditure incurred. The capitalization rate is determined based on the weighted average of borrowing costs, other than borrowings made specifically towards purchase of a qualifying asset.

(vii) Foreign currency translation

Transactions in foreign currencies are initially recorded by the company at their respective functional currency spot rates, at the date the transaction first qualifies for recognition.

Notes to Consolidated financial statements for the year ended March 31, 2024

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized as income or expenses in the period in which they arise.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

(viii) Employee benefits

Short term employee benefits obligations are measured on an undiscounted basis and are expensed as the related services provided. A liability is recognized for the amount expected to be paid under short-term employee benefits if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

a) Defined contribution plan

Retirement benefit in the form of provident fund is defined contribution scheme. The Group has no obligation, other than the contribution payable to such schemes. The Group recognizes contribution payable to such schemes as an expense, when an employee renders the related service.

b) Defined benefit plan

The Group's obligation on account of gratuity is determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The Group recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss - Service costs comprising current service costs and Net interest expense or income.

The Group operates a defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The cost of

(Amount in INR millions, unless otherwise stated)

providing benefits under the defined benefit plan is determined using the projected unit credit method. Liability for gratuity as at the year-end is provided on the basis of actuarial valuation.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

(ix) Income taxes

a) Current income tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis or simultaneously.

b) Deferred tax

Deferred tax is recognized in respect of temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become

Notes to Consolidated financial statements for the year ended March 31, 2024

probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(x) Leases

The Group, being a lessee, assesses whether a contract contains a lease, at inception of a contract. Group recognizes Right of Use Asset and lease liability only when the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets, for which the entity is reasonably certain to exercise the right to purchase, are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates.

For the short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

(xi) Provisions and Contingencies

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the

(Amount in INR millions, unless otherwise stated)

obligation. The expense relating to a provision is presented in the statement of profit and loss.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is disclosed, where an inflow of economic benefits is probable.

(xii) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts, if any, as they are considered an integral part of the Group's cash management.

(xiii) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial assets

Investments in Subsidiaries

Accounting policy Investments in Subsidiaries, Joint ventures and Associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in Subsidiaries, Joint ventures and Associates, the difference between net disposal proceeds and the carrying amounts are recognised in the statement of profit and loss.

Initial recognition and measurement

All financial assets are recognized initially at fair

Notes to Consolidated financial statements for the year ended March 31, 2024

value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three broad categories:

- Financial assets at amortized cost
- Financial assets at fair value through OCI (FVTOCI)
- Financial assets at fair value through profit and loss (FVTPL)

Financial asset at amortized cost

A Financial asset is measured at amortized cost (net of any write down for impairment) the asset is held to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes) and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.

Such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit and loss. The losses arising from impairment are recognized in the statement of profit and loss. This category generally applies to trade and other receivables.

Financial asset at fair value through OCI (FVTOCI)

A financial asset that meets the following two conditions is measured at fair value through OCI unless the asset is designated at fair value through profit and loss under fair value option.

- The financial asset is held both to collect contractual cash flows and to sell.
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(Amount in INR millions, unless otherwise stated)

Instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in OCI. However, the Company recognizes interest income and impairment losses & reversals in the Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to Profit and Loss. Interest earned whilst holding FVTOCI Financial asset is reported as interest income using the EIR method.

Financial asset at fair value through profit and loss (FVTPL)

FVTPL is a residual category for group's financial instruments. Any instruments which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

All investments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and Loss.

In addition, the company may elect to designate an instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Derecognition

When the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement. It evaluates if and to what extent it has retained the risks and rewards of ownership.

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- The rights to receive cash flows from the asset have expired, or
- Based on above evaluation, either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Notes to Consolidated financial statements for the year ended March 31, 2024

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflect the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets which are not fair value through profit & loss and equity instruments recognized in OCI.

Loss allowances for trade receivables are always measured at an amount equal to Lifetime ECL. Lifetime ECL are the expected credit losses that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECL is the maximum contractual period over which the group is exposed to credit risk.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all

(Amount in INR millions, unless otherwise stated)

cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortized cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

b) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss or at amortized cost, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, net of directly attributable transaction costs. The Group's financial liabilities include trade payables, lease obligations, and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortized cost

After initial recognition, interest-bearing loans and borrowings and other payables are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is

Notes to Consolidated financial statements for the year ended March 31, 2024

calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the consolidated statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

c) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(xiv) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period adjusted for bonus elements, if any, issued during the year.

(Amount in INR millions, unless otherwise stated)

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders after taking into account the after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(xv) Segment reporting

The Group has identified "Cash Logistics Service" as a reportable segment based on the manner in which the operating results are reviewed by the Chief Operating Decision Maker.

(xvi) Cash Flow Statement

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'. Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year is classified by operating, investing and financing activities.

(xvii) Rounding of amount

Defined benefit plan

As per the payment of Gratuity Act, 1972, the Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days' salary (last drawn salary) for each completed year of service. The scheme of the Company is funded with an insurance company in the form of a qualifying insurance policy. Management aims to keep annual contribution relatively stable at such a level such that no plan deficits will arise. The Company has purchased an insurance policy, which is a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset). The subsidiary company has not funded its obligation towards the gratuity liability.

The following table summarizes the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the balance sheet for the gratuity plans of the Company.

Note 40 - Financial Instruments Categories and Fair Value Hierarchy**a) Financial Instruments by Categories**

The carrying value and fair value measurement of financial instruments by categories were as follows:

Particulars	As at March 31, 2024		
	Amortized Cost	*FVTPL	#FVTOCI
Financial Assets:			
Non- Current Financial Assets	72.26	-	-
Current Trade Receivables	771.11	-	-

Current - Lease Liability	14.23	-	-
Trade Payables	16.96	-	-
Other Financial Liabilities	226.05	-	-

The management assessed that cash and cash equivalents, trade receivables, trade payables, and other current financial assets and financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Further the difference between carrying amount and fair value of insurance receivables, deposit measured at amortised cost is not significantly different in each of the year presented.

*Financial Assets/ Liabilities at fair value through profit or loss

#Financial Assets/ Liabilities at fair value through OCI

b) Fair Value Hierarchy

- **Level 1** - Quoted prices (unadjusted) in active markets for identical Assets or Liabilities.
- **Level 2** - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3** - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Valuation Technique used to determine Fair Value:

Specific valuation techniques used to value financial instruments include:

Use of quoted market prices for Listed instruments

For the year ended March 31, 2024 there are no financial assets under the categories FVTOCI or FVTPL

Note 41 - Risk Management

Financial Risk Management

The company is exposed to Interest rate risk, Credit risk, Collection risk and liquidity risk. Given the nature of operations, the company does not face any forex risk, commodity risk and other market risk aspects. The company has assigned the responsibility of managing these risks with the respective division heads as stated below.

Market Rate - Interest Rates

The company does not have any term loans with variable interest rate. Long term borrowings, in the nature of vehicle loans, are of fixed interest rate, and the extent of such borrowings are less than 5% of the networth of the company. Hence the company does not face any significant market risk in relation to interest rate volatility. Cash credit limits, to the extent of ₹ 850 million are variable rate borrowings, subject to periodic interest rate revision. The Company manages its CC limit utilisation judiciously to minimise interest outgo. This risk is managed by GM - Finance.

Credit Risk

The company is highly underleveraged with zero net debt (total debt minus free cash) as on March 31, 2024. Hence credit risk of the company is very healthy and risk of default is negligible. This risk is managed by Managing Director.

Trade Receivable

Over 92% of the clients of the company are highly rated banks and financial institutions, with no history of defaults. Hence, credit risk on the trade receivables are negligible. The company takes adequate precaution in terms of evaluation of the creditworthiness of its direct clients. The track record of collection of Trade Receivables has been very healthy. The company also has a practice of obtaining confirmation on service provided from most of its clients before invoicing, and hence risk of subsequent non-collection is negligible. This risk is managed by Head - Business Development for new clients, and Head - Billing for the existing clients.

The following table provides information about the exposure to credit risk and expected credit loss for trade receivables:

Particulars	March 31, 2024		
	Gross carrying amount	Weighted average loss rate	Loss allowance
< 90 days	715.75	0.66%	4.74
90 to 180 days	8.27	0.85%	0.07
181 to 365 days	1.86	2.32%	0.04
> 365 days	72.47	30.90%	22.39
Total	798.35		27.24

The details of receivable balance from customers having more than 5% of total receivables for each reporting period are given below:

As on March 31, 2024

Number of Customers	Trade Receivable Outstanding	% on Total Trade Receivable
7	571.66	71.61%

Liquidity risk

The company has cash credit limit of Rs. 850 million. The company is also highly underleveraged and also has sufficient drawing power in its net current assets, to enhance its borrowing capacity at short notice, if required. Hence liquidity risk faced by the company is negligible. This risk is managed by the GM - Finance.

The table below provides details regarding the contractual maturities of significant financial liabilities as at March 31, 2024:

Particulars	On Demand	Within 12 months	1 to 5 years	More than 5 years	Total
